Director of Public Works

AS-NEEDED EMERGENCY FLOOD CONTROL AND ROAD MAINTENANCE FACILITIES REPAIR PROGRAM 3RD STREET CONNECTOR PIPE TO DDI 26 PROJECT

On November 15, 2011, the Board approved an as-needed, on-call emergency contract with Mike Prlich and Sons, Inc. As part of the approval, the Board instructed Public Works to report repairs carried out under this contract.

We are using Mike Prlich and Sons, Inc., to install a storm drain pipe from an existing catch basin to an existing storm drain on 3rd Street in East Los Angeles. The old pipe was damaged during the storms of December 16, 2014, and had to be abandoned. The immediate repair of this pipe is necessary in order to handle storm flows on the east-bound side of 3rd Street. The construction of the replacement pipe began on December 20, 2014, and is expected to be completed by January 5, 2015. The project is located in Supervisorial District 1 and is estimated to cost \$175,000.

If you have any questions, please contact me or your staff may contact Gary Hildebrand at (626) 458-4012 or at ghildeb@dpw.lacounty.gov.
